Parte B. CURRÍCULUM SUMMARY

During 1993-1994 she was granted a scholarship in the Department of Modern and Contemporary History at the University of Málaga. In 1994 she completed the Bachelor of Arts, Geography and History at the university. In 1997, she defended her thesis, which was rated “outstanding” by unanimity and which won the Special Award of Degree with. In 1999 she defended a doctoral thesis, which obtained “excellent” *cum laude* and did also get the special award of PhD. Since 1997 she has been actively involved in research and teaching at the University of Málaga. She is associate professor since 2003.

Until 2004 her researches were focused on cinema history, education and rustic and public heritage that were followed to an array of papers, among which two books stand out the most:

(Los repartos de tierras municipales en Málaga (1767-1842) (Distributions of municipal land in Málaga), Universidad of Málaga, 2002, and *Propios, Arbitrios y Comunales. El patrimonio territorial de Antequera (Siglos XV-XIX) (Own, Excise and Community. The territorial heritage of Antequera (XV-XIX centuries)*, Diputación de Málaga, 2004) and one article in the prestigious magazine "Historia Agraria" ("Los repartos de tierras municipales en Andalucía (1767-1854). Nuevas evidencias") ("Distributions of municipal land in Andalusia. New Evidences") nº.34, 2004).

In 2004 she began a new line of research, which she has lead to obtain new knowledge related to the changes in the energetic scenery in Andalusia and Spain, especially in gas and electricity as well as in companies history and societies linked to its production and further commercialization.

Remarkable has been her participation in conferences and seminars, national and international level, and her skills to arrange scientific courses summer activities, workshops and sessions about utilities, energy resources and gas history. Another of her areas of interest is historical statistics. She has been part of several research projects. The first one was developed between 1998 and 2000, funded by the Institute of Statistics of Andalusia, called "Estadísticas Históricas de Andalucía (siglo XX)" ("Historical Statistics of Andalusia-XX century") which gave as a result a book, co-authored by her *Estadísticas del s.XX en Andalucía*, 2002 (Statistics of XX century in Andalusia).

The second, between 2007 and 2008, funded by the Foundation Gas Natural, called *Realización de un estudio histórico sobre la industria del gas en Córdoba (Performing a historical study of the gas industry in Cordoba)*, published in 2009 under the title *La industria del gas en Córdoba (1870-2007) (The industry gas in Córdoba)*, Lid Editorial.

The third one, between 2013 and 2014, funded by the Foundation Gas Natural Fenosa, called *Realización de un estudio histórico sobre la industria del gas en Cádiz (Performing a historical study of the gas industry in Cadiz)*, that soon enough Lid Editorial will publish under the title *La industria del gas en Cádiz (1845-2012) (The gas industry in Cádiz)*.

Finally, with regard to the management, she has been associate editor of the journal *TST, Transportes, Servicios y Telecomunicaciones*, she is also Secretary of the Department of Modern and Contemporary History at the University of Málaga and President of the Science Section of the Royal Academy of Fine Arts of Antequera.
